

A gravel path lined with clumps of tall, green grass and large, white, daisy-like flowers, with a wooden fence in the background.

A collage of three images. The top-left image shows a brown and orange butterfly perched on a cluster of small purple flowers. The top-right image is a large, leafy tree with white blossoms in a green field, with several sheep grazing in the background. The bottom-left image is a close-up of a cluster of small, round, green and yellow flowers.

A black wooden building with a green roof and a garden of potted plants. The building has a dark, horizontal-slatted exterior and a roof covered in grass and moss. A white downspout runs along the side of the building. Two windows with black frames and multiple panes are visible. In front of the building, a variety of potted plants, including roses, hydrangeas, and boxwoods, are arranged on a paved area. The background shows lush green trees and foliage.
